CAREER OBJECTIVE

Motivated and detail-oriented Computer Science student seeking opportunities as a Backend / Full Stack Developer or Software Developer to apply programming skills, build scalable applications, and gain real-world experience in software development.

EDUCATION

B.Tech in Computer Science & Engineering

ITER, SOA University, Bhubaneswar

Currently in 3rd Year

CGPA: 8.0

TECHNICAL SKILLS

Full-Stack Development:	Python, Java, JavaScript, Dart, Django, PostgreSQL, Firebase, Git
AI & Automation:	AI Coding Agents, Model Context Protocol (MCP), LLMs, Browser Automation
Growth & Strategy:	Meta Ads, On-ground Marketing, Branding, Graphic Design, Acquisition
Relevant Coursework:	Software Engineering Principles, Data Structures and Algorithms

EXPERIENCE & PROJECTS

Palo Alto Cybersecurity Academy Intern

- Completed a comprehensive 8-week cybersecurity academy program.
- Developed competency in network security, cloud security, security operations, and the integration of AI within threat prevention.
- Technologies: Cybersecurity Fundamentals, Network, Cloud, SecOps, AI

Cybersecurity Virtual Intern (AICTE & EduSkills)

- Completed an 8-week virtual internship supported by Palo Alto Networks.
- Configured firewalls, analyzed threat vulnerabilities, and studied cloud security architectures.
- Technologies: Palo Alto Firewalls, Threat Analysis, Network Security

Founder & CEO - LocalServe India

- Solo-built and deployed the entire hyperlocal home-service platform end-to-end on DigitalOcean.
- Designed Django admin dashboard, 25+ APIs, and engineered Flutter customer search autocomplete inputs.
- Technologies: Django, Python, Flutter, Dart, PostgreSQL

E-Commerce Platform

- A full-stack e-commerce solution built with Django and Python, featuring secure payment integration and a dynamic product catalog.
- Technologies: Django, Python, HTML5, CSS3

CERTIFICATIONS & STRENGTHS

- Certifications: Palo Alto Cybersecurity Academy Credential, Palo Alto Cybersecurity Virtual Internship (AICTE), Python Core (Python Institute), Django Web Dev (Meta), Flutter Architecture (Udemy), DSA (NPTEL).
- Technical Strengths: Quick learner, strong analytical, threat analysis, backend architecture focus.
- Extracurriculars: Active participant in technical symposiums and various coding challenges.
